SEMD friends,

Please let us know if it's ok to send forward this revised Palos Verdes mayor response, with an explicit offer of a virtual briefing, per Debbie's request. I think Julia's edits to offer the briefing look good, but as the briefing would come from you all I wanted to get your approval.

Thanks,
Mike

Unless Enrique and/or John have any objections, Julia, can you please edit the response to prominently offer (at the top) a briefing to the Mayor and his staff, then go into the detail we already have, then reiterate the offer to provide an update in the conclusion?

Hi Julia and Mike,

Thank you for the proposed response. I'm forwarding back the incoming letter from the Mayor.

The proposed response does not respond to the one direct request of the Mayor's, which is for us to provide a "comprehensive update" of the status and success of our PV Shelf site remediation.

Could we not offer to provide such an update to the Mayor and his staff via a virtual meeting?

Thanks.
